Farm Updates

The crop plan for next season is done, and next year's includes a couple of beds of flowers. Not only will the flowers beautify our space and make beautiful bouquets, but some flowers also (including marigolds, nasturtiums, and chamomile) deter pests. This week, Ashley and Erin planted bulbs which will add bring vibrant color to the farm in early spring. Dreams of tulips and daffodils are getting us through these dark, short days!

Fall Season Feedback: Please fill out our member survey!

We send out a survey around the end of the season to get feedback on where we can improve. We take the results seriously and discuss answers with the team and try to brainstorm solutions. Knowing what you think are the biggest areas of improvement for our product is very important to us!

It is also really nice to share positive words with the staff and let them know what our members appreciate. It only takes a few minutes, and can really help us figure out steps for the rest of the season and the ones to follow.

Thanks for the time and attention.
